Summer Support 2022

Do you have seniors who have not yet solidified their postsecondary plans?

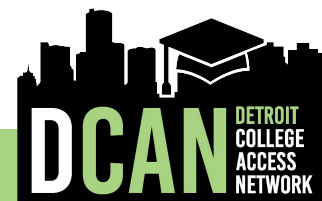

- Submit a student contact roster to DCAN and we will reach out to those students and provide information and sign up link for summer support.
- Rosters should include student full name, school name, student email address and phone number (optional)
- Feel free to share summer support opt in form in school newsletters, school social media platforms, bulletin boards, texting platforms etc.

College Decision Day

College Decision Day at its core is a celebration of students' success and their commitment to continuing their education after high school.

It is designed to help foster and promote a college-going culture within the school building.

Given the impact of the COVID-19 Pandemic it is so important now more than ever to celebrate students and their dedication to push forward in their education despite everything else.

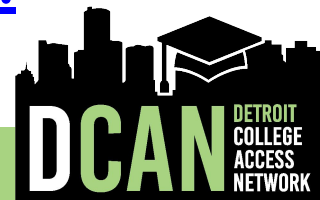

College Decision Day

We would love to support and highlight your event!

- Registered events are eligible for financial support.
- Registered events may be able to get guest speaker support.
- Registered events will appear in the DCAN College Decision Day events calendar highlighting all Detroit school/org events.
- Registered events will be highlighted in the DCAN newsletter and on our social media.

College Decision Day- Students

To highlight students' path after high school, whether that is college, trade school, or career program, we are collecting video submissions to be featured in a Detroit Decision Day Announcement Compilation.

- Every student who submits a video will receive a \$10 Amazon gift card.
- The video requirements and directions on how to submit videos listed on our webpage.

College Fit Project

The College “Fit” Project is a pilot campaign to engage learning how to determine the best “fit” schools. The Detroit College Match tool focuses on the academic alignment for match, reach and safety in conjunction with African American graduation rates, it does not however take into account the social-emotional disparagement that students endure embarking on their post graduation journeys.

The campaign will not only educate and elevate important factors that affect enrollment but will also develop critical thinking and knowledge application needed for college research. Students will use detroitcollegematch.com and a word bank to support determining a college list.

This project is designed for both middle and high school students. **Register your school today to compete for up to \$800 in prizes!**
